In order to speed the movement of freight the car service division of the American Railway Association has sent out circulars to shippers urging the loading of all freight cars 10 per cent. in excess of their marked capacity and further stressing the necessity for prompt unloading upon arrival at destination. It is requested of shippers not to order more cars than can be promptly loaded: to load in one day, especially grain; to work overtime in the evening to finish loading, and to accept cars with only minor defects. It is further pointed out that by adding two tons to the coal dumped in every coal car loaded an additional 400,000 tons of coal can be moved each week.

#### Banks of Yesterday and Tomorrow

THE history of the Bank of New York, founded by Alexander Hamilton, is contemporary with that of the nation itself.
From Revolutionary times to the present the institution has preserved and intensified the vitality with which its founder endowed it.

Almost a century of experience lies behind the New York Life Insurance and Trust Company. Ahead of these two institutions. now merged, lies the opportunity for a larger service in the transaction of a general banking business and the execution of personal and corporate trusts.
